Jesus Discovered

A Guide to the Gospels and Their World

Volume 1: Mark and Bonus Materials

Dan Lowery
President of Pillar Seminary and Associate Professor of New Testament

ABOUT THE BOOK

A first port of call for the Gospels and their first-century world

This volume aims to provide a first port-of-call resource for students and church leaders who wish to be introduced to the Gospels and their first-century contexts. Its conversational tone and wealth of resources for further study make it ideal for anyone wishing to immerse themselves in these fascinating books of the Bible and discover the Jesus revealed in their pages.

Volume 1: Mark is the first of four planned volumes that will cover all four Gospels and provide an introduction to their socio-cultural and historical contexts. This first volume also contains bonus materials from the next volume in the series, on *Luke's Gospel*.
